

CLAIMS

1. An elastic nonwoven fabric made of a nonwoven fabric manufactured by the spunbonding method, wherein a lot of holes are formed in said nonwoven fabric by the needle punching method.
2. An elastic nonwoven fabric in accordance with Claim 1, wherein synthetic resin is impregnated into said nonwoven fabric.
3. An elastic nonwoven fabric in accordance with Claim 2, wherein said synthetic resin is a thermoplastic resin.
4. An interior material consisting of said elastic nonwoven fabric in accordance with any of claims 1 to 3, as a surface layer, material, and a base material to whose surface said elastic nonwoven fabric is attached as a surface layer, then being molded into a prescribed shape.
